SABOR Y BARRA

EVENT PACKAGE FAQ'S

1. Which DJ package is your most popular?

El Clásico is our most popular package. It offers the best balance of live DJ time, personalized music planning, and client song requests. It's designed for clients who want a customized experience without needing the full Signature package.

2. Can I choose the music I want played?

Absolutely! Your preferred genres, artists, songs, and overall vibe can be discussed during the planning process. We encourage clients to provide must-play songs and songs they'd prefer not to hear.

3. Can my guests request songs?

Guest requests are included with the Signature DJ package. For Básico and Clásico, guest requests can be added for an additional fee, depending on the event.

4. What does "3 additional hours of song selection" mean?

Those additional hours are music-planning time, not additional DJ time. This allows us to spend more time researching, organizing, and preparing music specifically around your event, theme, guests, and preferences.

5. Can I request specific songs before my event?

Yes! Pre-planned client song requests are included with the Clásico and Signature packages. We recommend sending your important song requests ahead of time so we can properly prepare for your event.

6. What happens if I need the DJ for longer?

Additional DJ time is available for \$100/hour, subject to availability. If you know your event may run longer, we recommend adding the extra time when booking.

7. Can you play different genres throughout the event?

Yes! Your music can be customized around the flow of your event. We can transition between genres, eras, and styles based on your preferences and the energy of your guests.

8. Do you take song requests during the event?

Yes, Signature DJ includes guest song requests during the event. For other packages, guest requests may be available as an add-on.

9. How far in advance should I book?

We recommend booking as early as possible, especially for weddings, birthdays, corporate events, and other popular event dates. Your date is secured once the required booking/payment is completed.

10. Can I upgrade my package after booking?

Yes! If your event needs change, you can upgrade your package based on availability. We recommend upgrading before the event so we have enough time to prepare accordingly.
